John A. Tuten & Associates, Architects
4680 Hwy 17 North
Brunswick, GA 31525

GENERAL

1. Clarification on Door Hardware and Door Control:
 - A. All four doors will have a Von Duprin 99 NL series Rim Exit device.
 - B. Each door leaf will have a magnetic hold open device. All four door magnets will be controlled by a switch located in Reception Room 202. Provide power supply as needed to operate. Provide desk mounted console for the switch.
 - C. The right hand door with the call out “electrically unlocked from Reception Room 202”. This Von Duprin exit device will have a latch release function and be controlled by a push button console located in Reception 202. The frame for this door will require a power transfer to get wiring from frame to door. Provide power supply for a latch release function. This exit device will have a 990 NL trim with pull handle, cylinder and core. Cylinder and core will match the keying system in the existing school. Confirm keying with the Owner,
 - D. Low voltage wiring will be done by IDS alarms. Contract Jay Lassiter.
